PRINCIPAL'S MESSAGE

Our Principal, MR. MAGOON

The pleasure in belonging, in being part of a group, is basic to the concepts of American Democracy. In Framingham High School each student is an important part of the school, regardless of race, creed, or economic and social background. Members of the excellent Class of 1959 realize that this is true, and the high quality of their records shows that they have all worked together toward achievements in the classrooms, on the athletic field, and in all types of extracurricular activities. If all young people of the world had similar opportunities, there would be much less misunderstanding throughout this world.

Seniors are faced with the important tasks of taking over the many positions of responsibility from members of the preceding class. At first, this appears to be an impossible task because of lack of personal experiences. However, the class has undertaken those responsibilities, and its achievements, of an extremely high order, have brought much credit to the class and to the school.

Graduation is not the end; in many respects, it is the beginning. There are many new experiences and opportunities ahead, not only for personal improvement and advancement, but also for service and assistance in the complex pattern of community life. As members of the class join the ranks of the many thousands of Framingham High School graduates and thereby become alumni of the school, may they continue to have the same ideals of service for others which have been shown in high school.

As seniors you are leaving us as graduates, but you will not be forgotten. We are proud of what you have done and will do as you go forth into many types of occupations beyond high school. We wish you the very best by way of health, happiness, and complete fullness of life. We know that you will bring credit to yourselves, your parents, and your school by the quality and nature of contributions in the larger community of which you too will become a most important part.

PRESIDENT'S MESSAGE

CLASS OF '59

Our President, MIKE DINEEN

We, the Class of 1959, are most grateful to the faculty for the interest that has been shown in us and in our work during our school years in Framingham High School, old and new.

As graduation approaches, many of us look back . . . remembering our experiences in high school. These are indeed fond memories and ones that we will not soon forget.

With all the facilities of a new school, these have been numerous opportunities for us to participate in extracurricular activities. These have afforded us the chance to learn new things and to make many friends with similar interests.

And now it is up to us to show our teachers, parents, and friends that our high school education can pay dividends when properly put to use. We are willing, ready, and able.

"Hello, Mr. Magoon's office."

The presses roll.

"Good Morning. Framingham High School."

Tune in tomorrow.

Certainly the school secretaries have helped our school years to run smoothly. These ladies have always been willing to supply information, to sell bus tickets, and to help pupils reporting to those office chairs. Their understanding of school problems has made them invaluable to administrators, faculty, and students, alike.

The Editors

*Bjarne Nilssen
Norway to F.H.S.*

This school year in Framingham High has certainly been the most interesting and enjoyable year that I have ever had. My gratitude to all who have contributed to my happiness cannot be under-estimated. I hope that both teachers and pupils still feel that the Foreign Exchange Program should continue, and that, through the coming years, they will have many opportunities to show other foreigners the real picture of U.S.A., a picture of a friendly nation and an hospitable people.

FOREIGN EXCHANGE STUDENTS

*Jane Potter
F.H.S. to Greece.*

Thank you, one and all of F.H.S., for purchasing "Shares in Democracy." Through your contributions I was enabled to spend the summer in Patras, Greece. Living with a new family, meeting more friends, both American and Greek, and forming close ties with people of an ancient civilization were experiences that can never be taken from me.

My greatest responsibility, however, was that of representing the United States and its people, more especially *you*. This was one of the most difficult tasks because you, fellow classmates and friends, are such a wonderful group.

Our Library

This year our new library has been in constant use. Many more girls belong to the Library Service Club and have seen to it that all services have been made available to both students and faculty members. Our thanks go to Miss Lathrop, Miss Tait, and all the aides for their willingness to give of their time to help us.

DRIVER EDUCATION

We're taught the rules.

The enrollment in Driver Ed courses has increased with each year. Many juniors and seniors have received hard-earned licenses as the result of interesting and valuable instructions from Mr. Novak, Mr. McGillivray, and Mr. Strong. This phase of instruction should be of benefit to the pupils themselves as well as the community on the whole.

Mr. Strong takes a chance.

FRAMINGHAM FLYERS

Our 1959 Cheerleaders played an important part in upholding the spirit of F.H.S. In all kinds of weather these enthusiastic girls give our teams the very best in cheers and support.

In the annual competition held on February 20, 1959, not only our cheerleaders but also our majorettes were recognized as being outstanding among the other competing groups. Congratulations!!

FLYERS ROCK

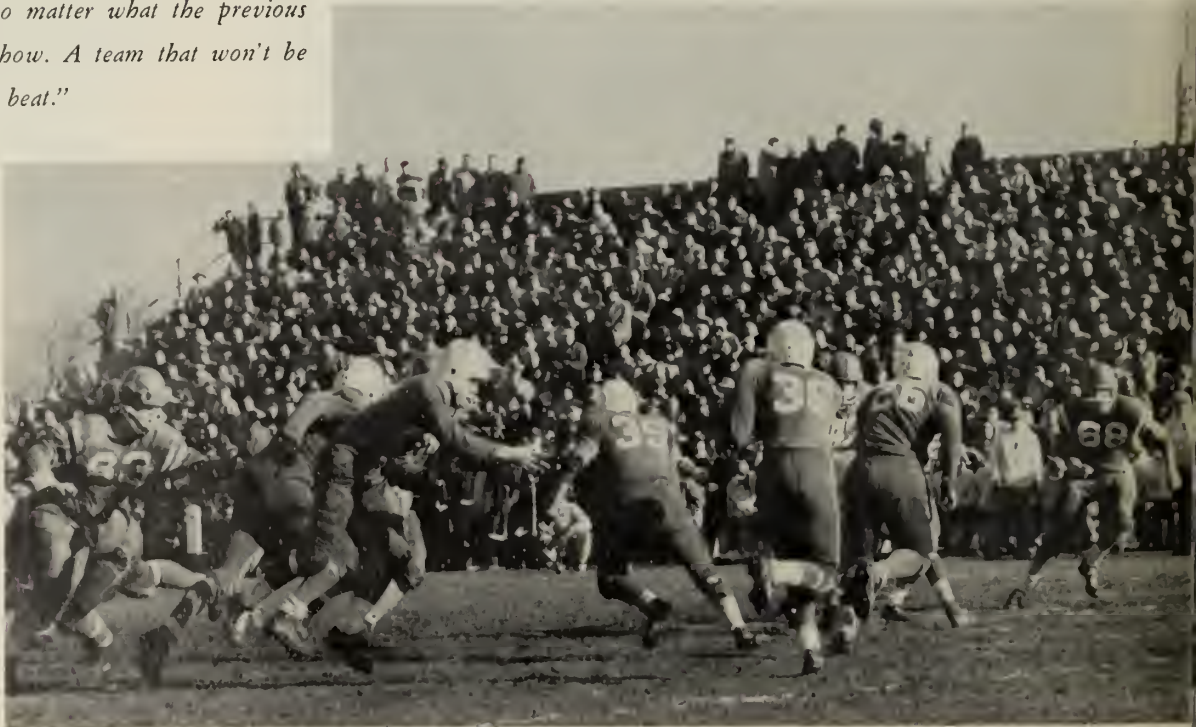

The annual "Battle for the Feathers" game between Natick and Framingham came to an end in a 6-6 deadlock before thousands of fans. A 20 yard scoring pass from quarterback Fran Casey to fullback Gerry Maloney in the third quarter enabled the Flyers to stop their high-scoring Natick rivals. This move in the final moments of the game brought about the biggest upset in the Thangsgiving Day series.

Directed by Coach Bob Jachowicz and his assistants, the Flyers gave a dazzling performance and brought about a fabulous finish to a defeat-loaded season. The rugged defense and tremendous trackling rocked the highly-favored Natick eleven. Both fans and players delighted in the fact that our team had prevented another Turkey Day slaughter.

"It was said that it couldn't be done, but we did it."

BASKETBALL

The Summers men lost four of their first five games. Undaunted by this record, the boys went on to win all but two of the remaining games. Thanks to the fine coaching of Mr. Summers and the hustle and spirit of every player, the basketball team placed third in the final league standing.

PUCKSTERS

The Hockey Team started its season with a win over a strong Walpole squad. As the season progressed, Coach Loring and his pucksters improved defensively and developed into one of the best offensive clubs in the league. Hockey spirit was high and many fans attended each game. This loyal backing enabled Framingham to place high in the Bay State League at the end of the season.

Under the direction of Dick Lavin, the president of Student Council, this group has enjoyed a very successful year. With Mr. Bayes as faculty advisor, the committees in charge of the annual Candy Sale collected money later used for the Christmas Projects.

In December, the Council planned and organized the Football Victory Dance to celebrate the Thanksgiving 6-6 tie with Natick.

Before the Christmas vacation, committees were chosen to supervise the Christmas Projects. Many previous records were broken this year.

In the spring, committee members labored long hours to guarantee the success of the annual Student Council Dance.

The student body is proud of the Council which has worked so diligently to make this year such a memorable one.

We are taught to be considerate of others.

That Sweet Sound

Sixty-six cheers for the Framingham team! Why sixty-six? Because that is the sum of the band members and majorettes who cheer ardently for our football players. The forty-four boys and eight girls that compose the band produce loud, enthusiastic support for our team. Even with only two practice periods a week, they are doing a marvelous job at all the games.

Everyone from Brent Jackson on his tiny little drum to Bruce Aiken on his trumpet section appreciates his new uniform. The band members come to the high school before the games and change into their bright, blue uniforms. Then the Framingham High School band is on its way!

There are very few seniors in the group this year. It is composed mostly of freshmen, sophomores, and juniors. Last year, just the opposite was true. So this fall, Mr. Murray had to enlist a large group of freshmen and sophomores to fill the gap left by the graduated seniors. Through the hard work of our bandleader, the group was shaped into an excellent band.

Perhaps one of the most unusual incidents this year took place at the Walpole game. As George Guagenty tells it, the spanking clean band was met by a dusty field which blew dust all around them. At times, the band members could hardly see their music. That does make things difficult.

Let's not forget our cute majorettes who lead our band on to victory at every game. We all like to watch Sheila's expert twirling and see Betty's pretty blonde hair.

So now when we hear the familiar strains of "Hit That Line for Framingham High," let's not forget the goals and guys who increase our an-

Rogers and Hamme Press Conferen-

On Wednesday, November 14, Mr. Rogers and Mr. Hammerstein, along with Carolyn H. Howell, and Betty McKeon, came into Boston to interview Rogers and Oscar Hammer with other editors representing various local school publications.

Mr. Hammerstein and Mr. Rogers were introduced as "the new press conference" — greeted the editors who were cooperative in questions presented to them.

In answering the student questions, Mr. Rogers and Mr. Hammerstein revealed some interesting facts about their careers.

Mr. Rogers and Mr. Hammerstein first worked together in 1915, but did not collaborate until 1943, after the death of Mr. Rogers' associate, Hart. In 1943 they produced musicals as "Oklahoma," "The Sound of Music," and "Pacific," which they both produced, and will be the most successful of their productions.

Mr. Hammerstein, during the conference, stressed the fact that he is only talented in writing musicals, while Mr. Rogers has the great ability to compose the music. Both commented on the necessity of working as a team, as neither is able to do the other's job. It made an amusing story to hear them joking about this situation.

Through the questions directed to Mr. Rogers and Mr. Hammerstein, the student editors returned with a purse of knowledge about: their most recent play, "The Flower Drum Song;" the style of various writers, as explained by these two talented men; the individualities of the composers; their educational background — they both

exciting! You know what's going to happen next. All of a sudden, one of the players grabs the ball and starts running with it. Sometimes I can't tell whether he has gone all the way for a touchdown, or if he has been tackled, because everybody jumps up and starts screaming and kicking.

Being head cheerleader I don't get to see very much of the game, but that's the life of a cheerleader.
